Fx & Mat, Nexus Show Their Olympic Spirit

Here's the first in what will be a two-part campaign communicating the togetherness of the Olympic Games by Nexus directors Fx & Mat for the IOC, and agency Cole & Weber United. From Fx & Mat, "We had a lot of very exciting challenges on this project but we could count on an amazing team lead by the 3D supervisor Dave Fleet and the producer Christine Ponzevera. As in a tough competition, the team spirit was the engine of the film!"
